

SuggestionTest.GetPlayerCardsForUI

```
graph LR; A[SuggestionTest.GetPlayerCardsForUI] --> B[Card.GetCardType]; A --> C[EnumToString.GetStringFromEnum];
```

The diagram illustrates a call to the method `SuggestionTest.GetPlayerCardsForUI`. This method is shown in a grey box on the left. Two blue arrows originate from its right side, pointing to two other method calls on the right. The top arrow points to `Card.GetCardType`, and the bottom arrow points to `EnumToString.GetStringFromEnum`.

Card.GetCardType

EnumToString.GetStringFromEnum
